February 9, 1924.

Subject: Reports of Alaska fishery operations in 1923.

Mr. Dennis Wimm,  
Bureau of Fisheries,  
Seattle, Washington.

You have just been telegraphed that no cannery reports for Alaska operations in 1923 have been received from the Astoria and Puget Sound Canning Company and the Straits Packing Company. All other cannery reports for 1923 have been received. It is necessary that the missing reports reach here at the earliest possible date so that the tabulations for cannery operations may be closed up.

In addition to the above mentioned, reports are still missing from the following operators in activities other than canning of salmon: Olympic Fisheries Co., Alaskan Glacier Sea Food Co., Hamilton Fish Co., E. M. Basse, Doremus Fisheries, Atlantic and Pacific Packing Co., Thomas and Co., Louis Severson and Co., Petersburg By-Products Co., Ripley Fish Co., Olson Fish and Cold Storage Co., W. J. Erskine Co., Otto Kraft and Son, Kaskokwim Fishing and Transportation Co., Alaska Sea Food Products Company and North Star Fish Packing Company.

Please do all that you can to have these reports forwarded with the least possible delay.

Henry O'Malley

Commissioner.
